Scott's LAWN SEED. This top quality blend of grasses is for open sunny or lightly shaded lawns. Scotts triple cleaning makes it 99.91% weedfree. Its choice perennial grasses build permanent and deep rooted turf. Seeding rate, New Lawns—4 lbs per 1,000 sq ft (50 x 20 ft). Use about half as much to reseed established lawns.

Scott's SPECIAL PURPOSE BLEND. Selected formula for Deep Shade, drier soils, terraces, play areas and other places where growing conditions are not good and rugged turf is desired. New Lawn rate—5 lbs per 1,000 sq ft (50 x 20 ft). Use less in proportion for reseeding established lawns.

Scott's BENTGRASS SEED makes velvety home lawns like putting greens in full sun or partial shade. Sow separately or mix with other SCOTTS Seed. Rate: 2 or 3 lbs per 1,000 sq ft.

Scott's CLOVER. Pure, high germinating seed. Not used in Scott mixtures as it is better sown alone. Small box seeds 2,000 sq ft, large box 5,000 sq ft.

Scott's TURF BUILDER is the specific grassfood that keeps lawns healthy, vigorous, sparkling green. Feeds lawns for less—use only 10 lbs per 1,000 sq ft. Purchases 50 lbs or more delivered in 50 lb bags. Feeding programs should be built around TURF BUILDER but where broad-leaved weeds are bad use Scotts WEED & FEED.

Scott's 4-X. Concentrated powder in pre-measured packets. The most convenient weed control where spray application is preferred. Kills weeds without harm to grass.

Scott's WEED & FEED. This dry compound kills weeds as it feeds grass. Use instead of Turf Builder where broad-leaved weeds are a problem. Destroys Plantain, Buckhorn, Dandelion and most broad-leaved weeds while stimulating turf to thicker growth, richer color. Apply with Scotts Spreader.

Scott's SPREADERS. Sturdy, all steel with rubber tires. For quick and accurate seeding, weeding and feeding. Rate control and shut-off on handle. A flick of wrist, walk over lawn and the job is done. Save time and materials.

Scott's PEST CONTROL. Dry compound that rids lawns of Jap Beetle Grubs, Chinch Bugs, Ants. Non-poisonous. Easily applied with SCOTTS Spreader.

LAWN CARE. Digest of earlier issues assembled in a convenient file or in loose leaf binder.

MARSHALLTOWN IOWA

Your #50 Spreader is the finest piece of equipment on market for small homes. It works to perfection on fine grass seed or coarse fertilizer.

No 25 Medium Lawn

Capacity to treat 2500 sq ft in one filling. Sturdily built, yet lightweight for easy handling on small lawn areas. Spreading width 16 inches. Rubber tired.

\$9.95 DELIVERED

HINGHAM MASS
The Scotts Spreader is the best I have ever seen. I especially like its sturdy, well made construction.

F B Nelson

No 50 Suburban

Handles 50 lbs Turf B, bag Weed & Feed, 25 lbs Seed. Convert it to a lawn cart by dropping baffle plate in hopper. 20 in. spread, Heavy duty rubber tires.

\$16.50 DELIVERED

Scotts SPREADERS ARE TOPS IN:

1. Design and Construction
2. Evenness and accuracy of Spread
3. Ease of operation by Amateurs

Lawn making is a breeze with a precision built Scotts Spreader. Rate adjustment controls and shut off are on the handle. Just a flick of the wrist, walk over the lawn and Scotts products are applied at the low specified rates. They operate on rubber tires so easily a child can push them.

Because of accuracy of distribution a Scotts Spreader will soon pay for itself in savings on materials. Sturdy construction assures many years of efficient service. Owners may return machines to Marysville, Ohio at any time for overhaul at no charge except for replacement parts.

Special bracket supplied with each machine so it can be hung up when not in use. Select a Scotts Spreader according to your lawn size and maintain your lawn the easy way. Prices include delivery — we'll ship your order the day received.

CHEYENNE WYO

Two years ago I bought one of your Spreaders and it is without a doubt the best on the market today.

C A Smith

EAU CLAIRE WISC

I purchased a Scotts Spreader and think it is the finest investment any homeowner can make.

H H Zunker
